

NO MORE COMPROMISES!

Welcome the smartest, most cost-efficient single-step process for polyester printing
And say goodbye to dye migration, limited design options, minimum quantity per order, long and costly set-up procedures

EXPAND YOUR APPLICATION REACH IN A SINGLE STEP

- ✓ Prints on a variety of fabrics, including woven, knits, with poly blends (Poly-lycra, Poly-cotton) and different fabric textures
- ✓ Prevents dye migration
- ✓ Preserves the original fabric properties and meets the sports industry's durability standards
- ✓ High-quality results with solid coverage and PANTONE® color-matching
- ✓ Preserves the print and the environment with sustainable printing and water-based ink
- ✓ No harmful substances
- ✓ No minimum quantities, profitable from the very first print

name and number with fine-cut edges, similar to vinyl and film

photorealistic and semi-transparent images even on dark media

PANTONE color-matching and solid color coverage just like screen printing

complex designs on white polyester just like sublimation.
